

Subjects of the final examination

4NAA2	BSc in Chemical Engineering	Chemical and Process Engineering specialization	1	mandatory	Process Engineering (BMEVEVMA605) + Hydrocarbon technology (BMEVEKFA506)
			2	mandatory	Environmental Benign Chemical Processes (BMEVEVMA607) + Computer Process Control (BMEVEVMA709)
4NAM 2	MSc in Chemical Engineering	Modern Chemical Technology Specialization	1	mandatory	Environmentally Benign and Catalytic Processes (BMEVEKFM210)
			2	elective	Medicines (BMEVESZM502)
			2	elective	Environmental toxicology (BMEVEMBM501)
			2	elective	Chromatography (BMEVESAM503)
			2	elective	Plastics (BMEVEFAM502)
			2	elective	Petrochemistry (BMEVEKFM402)
